Making of a Portfolio

Skate Ehling

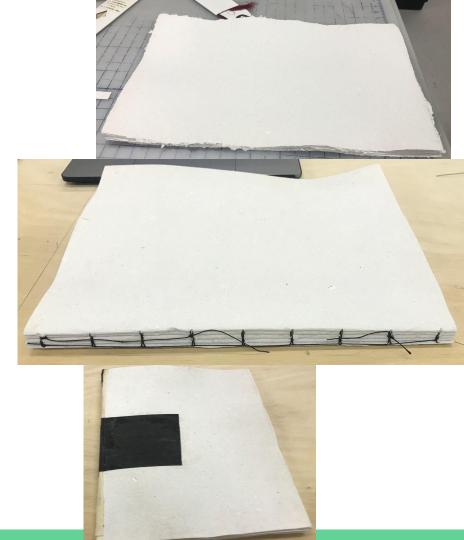

Step One: Making Paper

- Take shredded paper and add a ton of water and bleach
- 2. Blend paper
- Build big tub to hold water and paper pulp mixture
- 4. Fill tub with water and add paper pulp
- 5. Build deckle
- 6. Strain pulp out of water with deckle
- 7. Place sheet of paper on cloth
- 8. Add lots of weight and let dry 24 hours
- 9. Remove weight and hang to dry fully
- 10. Remove from cloth
- 11. Repeat until desired number of sheets

Step Two: Create Text Block

- 1. Cut all sheets to same size
- 2. Fold sheets in half
- Create signatures by putting one folded sheet inside another
- 4. Stack all signatures
- 5. Mark out and create stitching holes
- 6. Stitch
- 7. Glue support cloth to spine (include bookmark here)
- 8. Apply weight and let dry
- Once dry, glue cover pages to edge of text block

Step Three: Make Book Cover

- 1. Cut hardboard in 3 pieces
 - a. Front, back, spine
 - b. Front and back: size of text block plus 1/8" all around
 - Spine: same height as front and back pieces, width is width of text block
- 2. Glue 3 pieces to oversized book cloth
 - a. Leave gap of 1/4" + thickness of hardboard between each piece
- 3. Aplpy weight and let dry
- 4. Cut out book cloth to 1" around all sides
- 5. Cut corners of cloth off at 45 degrees ¼" front corner
- 6. Apply glue and fold over edge of cloth
- 7. Apply weight and let dry

Step 4: Combine Text Block and Book Cover

- 1. Apply glue to cover pages of text block
- Carefully aline so text block is centered on front cover and pushed back to spine
- 3. Glue down and remove wrinkles
- 4. Repeat for back cover
- 5. Press under weight until dry
